# Experiencing the Father's Love

**Saturday 18 October 2025**

Jesus taught us to pray, "Our Father who is in heaven...", not Almighty God or King of Kings. Yet many find it difficult or impossible to relate to God as Father. For some of us, it is because of difficult or abusive 'earthly father' experiences.

During our day together, among other things we will:

- Look at Father God's true nature, as revealed by Jesus.
- Understand what He thinks and believes about you.
- How you might better encounter His love and acceptance.

There will be worship, teaching, reflection and a chance to receive prayer and prayer for inner healing.

Andy Osmond will be the guest speaker. Andy grew up in a loving, single parent (non-Christian) home. He came to faith at 10 years of age, but he only first met his father when he was 21 years old.

Sadly, his father showed no interest in a relationship. This affected Andy's ability to relate to God as Father, until one day when he hit rock bottom it all changed...

- Coffee from 10am, starting at 10.30am – 4pm
- £20 for the day
- Hot drinks will be provided; please bring lunch with you
